**HOLY LAND OLIVE ART at St. Wenceslaus Parish in Wilber next weekend: Less than 2% of the Holy Land population is Catholic or Christian. The Catholic/Christian population has been driven from the Holy Land by government policies, curfews, road blocks, miserable living conditions, and the other prejudices against Catholics in the Middle East. Those Catholics that remain are finding it increasingly difficult to make a living and provide for their families. They are looking for a more secure life and a steady income on which they can feed their families.**

**Holy Land Catholics are known worldwide for their olive wood carvings. Generations of families have taught their children to carve religious figures from olive wood by hand. For two centuries Catholics have been able to support their families by selling these unique carvings to pilgrims who visit. Fewer pilgrims now come to visit due to the bloody military conflicts. The Archbishop of Jerusalem blesses the mission of selling hand carved olive works. Please consider buying items to support the income of local Catholics and Christians in the Holy Land.**
